Hi Nahal, according to PEER the notice to sue was sent today via certified mail to US EPA Region 9, EPA headquarters and the Santa Monica Malibu School District. It is available here:
http://www.peer.org/assets/docs/ca/8_19_14_Malibu_NOI.pdf

I can make sure to incorporate your response though about why EPA does not require that all of the caulk be tested and/or removed. Please let me know if you would like to include anything else after reviewing the notice of intent to sue.

Thanks,

Sam Pearson
